# Life

2019

**SAKK/CELGENE Grant**  
FOR RESEARCH ON PANCREATIC CANCER CARE

# Submit your project now

Pancreatic cancer remains a devastating disease associated with a poor survival prognosis and a significant impairment of the quality of life of patients and their relatives. SAKK and Celgene share a common interest in innovative research for life-changing medication and therapeutic concepts for patients with high unmet medical needs. The Life Grant supports planned or ongoing research projects in pancreatic cancer care aiming to improve the quality of life of patients and their relatives.

## Key information about the grant

- ☞ Grant is endowed with CHF 20 000.–
- ☞ Application deadline is September 30, 2019
- ☞ Download the application form, rules and regulations here: [www.life-grant.ch](http://www.life-grant.ch)
- ☞ Submit your application online at [www.life-grant.ch](http://www.life-grant.ch)

## You

- ☞ are a practising physician, clinical researcher or professional in a patient care institution or patient society
- ☞ have your primary place of research in Switzerland

## Your project

- ☞ aims to reduce the burden of pancreatic cancer for patients and/or their relatives, thereby significantly improving their quality of life
- ☞ has a patient care related research nature (e.g. database/registry research, working and patient care models, QoL tools, etc.)
- ☞ may focus on aspects such as interdisciplinary communication/collaboration, treatment support, end-of-life support, psychological/social aspects, etc.
- ☞ is conducted in Switzerland
- ☞ is planned or ongoing

## Grant winner

An independent jury, chaired by the SAKK president PD Dr. Roger von Moos, evaluates all projects and announces the grant winner at the semi-annual SAKK meeting in November 2019. A notification about the winning project will be published in the Schweizer Krebsbulletin and the SAKK newsletter.

Download the application forms, rules and regulations today. We are looking forward to read about your innovative project soon.
